الرؤية:

Commitment to providing internationally recognized high-quality training by using the latest educational methods in a manner that takes into account cultural differences, and ensuring a comprehensive implementation for all public safety standards for UAE's community.

National Security Institute seeks to be a model of integrity and honesty by providing fair and sophisticated services for the community in order to pursue our march towards excellence and growth.

الرسالة:

Mobility within the United Arab Emirates in order to spread awareness and education about security and safety of the community.

To achieve a safer society through awareness and education on a high level of quality and in a simplified manner, easily understood by all segments of the society: adults, juniors, seniors and youths- in the areas of security and safety that would safeguard the community and enrich it.

مواصفات قافلة سلامة المجتمع

- The National Security Institute was the first to initiate the community safety trailer.
- This project began in November 2010 and it had taken nine months for the idea to be implemented.
- Community safety trailer is a mobile training unit that aims to raise awareness and prevention from the risks of fires and earthquakes by offering awareness sessions targeted all segments of society in order, to reduce fires inside homes and institutions; and to escape from earthquakes and hurricanes.
- Community safety trailer can accommodate more than 10 people and contains three sections:

SECTION 1 A MODEL OF A KITCHEN

training on preventive handling of fires in kitchens, how to extinguish and control it.

SECTION 2 A MODEL OF A BEDROOM

trainee learns how to deal with bedroom incidents and how to stop fires from spreading to other parts of the house.

SECTION 3 A MODEL OF A CLASSROOM

trainee learns how to deal with natural disasters such as earthquakes and hurricanes.

أهداف قافلة سلامة المجتمع

- Increase the community's awareness regarding security and safety in cases of emergencies and disasters.
- Provide practical training for the right way of handling a disaster (before and during)
- Prevent fire hazards, earthquakes and hurricanes.
- Spread awareness.

أنشطة قافلة سلامة المجتمع
